**TOWN OF CORTLANDT  
OFFICE OF THE SUPERVISOR**

October 30, 2025

I am pleased to present the Town of Cortlandt's Proposed Budget for the 2026 Fiscal Year. This budget reflects our ongoing commitment to responsible financial management, the preservation of essential public services, and the continued enhancement of the quality of life in our community.

The development of this year's budget is the result of many weeks of meetings with department heads, a detailed review of year-end projections, and a focused effort to improve both the presentation and transparency of our financial planning.

Working collaboratively with the Comptroller's Office, we carefully examined departmental needs, projected revenues, and long-term cost drivers. Our discussions centered on balancing the rising costs of operations with the Town's priority to maintain stable and equitable taxation for our residents.

The proposed tax rate increase for **Unincorporated Cortlandt residents** is **2.15%**. The increases for the **Villages of Buchanan** and **Croton-on-Hudson** are **2.75%** and **3.03%**, respectively. While these adjustments exceed the New York State property tax cap, they remain modest and necessary to preserve the high quality and level of services that Cortlandt residents expect and deserve.

Beyond operating costs, this budget includes continued investment in infrastructure and technology. The **annual roadway resurfacing program** is funded at \$1,250,000, representing a **6.38% increase** from the current year's adopted budget.

The operating budget also provides for the following **capital outlays**:

- **\$50,000** for the Information Technology Department to support town-wide system improvements.
- **\$15,000** for the Town Clerk's Department to advance the Town-Wide Document Digitization Initiative.
- **\$12,000** for the Recreation Department to purchase a new pool vacuum for the Cook Pool.
- **\$300,000** in the General Fund for **Transfers to Capital Projects**, which will serve as an important funding source for upcoming discussions on the Town's Capital Improvement Program, scheduled for December 2026.

The Town began 2026 with a **Total General Fund Balance** of **\$7,288,976**, of which **\$5,041,561 was Unassigned**. Operations during the current year included several unanticipated expenditures, such as the purchase of property totaling \$559,439, and contractual salary increases that exceeded budgeted allocations. Town Board resolutions authorized the necessary budget transfers to properly account for these expenses.

**The Town is projected to close 2025** with a Total General Fund Balance of \$4,869,702, including an **estimated Unassigned Fund Balance of \$2,622,287**, representing 15.58% of proposed 2026 General Fund expenditures.

While inflationary pressures persist, this budget is balanced without compromising the essential services on which our residents rely. The 2026 Proposed Budget represents a forward-looking plan that safeguards Cortlandt's fiscal stability while continuing to invest in the people, infrastructure, and programs that make our Town an exceptional place to live.

I want to extend my sincere appreciation to our department heads and all Town staff for their diligence, collaboration, and commitment throughout the budget process. Their continued focus on efficiency and innovation ensures that we deliver high-quality services in a cost-effective manner.

I look forward to reviewing the Proposed Budget with the community in the coming weeks.

**Respectfully submitted,**

**Dr. Richard H. Becker**

Town Supervisor

# Property Tax Overview

Town of Cortlandt homeowners pay Property Taxes based on the Assessed value of property owned. The following chart shows the Taxes by Entity that are paid each year.

## Detailed View of All Line Items on Tax Bill

Looking at your property tax bills can be overwhelming.

While the chart above lists the taxes by Government Entity, this chart lists the specific lines on the average tax bill.

Depending on where your property is located, you may be taxed for various Sewer, Drainage, Ambulance and other special districts.

This document intends to explain the components of all the Town items on your tax bill.

### Annual Property Tax of 7,500 Assessment

- CORTLANDT WATER \$52 (0.32%)
- CORTLANDT AMBULANCE \$104 (0.64%)
- COUNTY REFUSE \$190 (1.17%)
- TOWN OF CORTLANDT \$297 (1.83%)
- LIBRARY \$59 (0.36%)
- FURNACE DOCK FIRE \$359 (2.22%)
- CORTLANDT HIGHWAY \$1,458 (9.01%)
- WESTCHESTER COUNTY \$1,458 (9.01%)
- SCHOOL TAXES \$12,215 (75.44%)

## Goal of the Town of Cortlandt's Budget Process

The Town of Cortlandt's budget is designed to protect essential services while minimizing the tax burden on residents. Working within strict state and federal rules, including the legal requirement to balance the budget and comply with unfunded mandates.

The Town carefully allocates resources to maintain the high level of service residents expect.

The budget is developed collaboratively with all Department Heads and guided by the Town Comptroller to ensure responsible, transparent, and financially sustainable decisions.

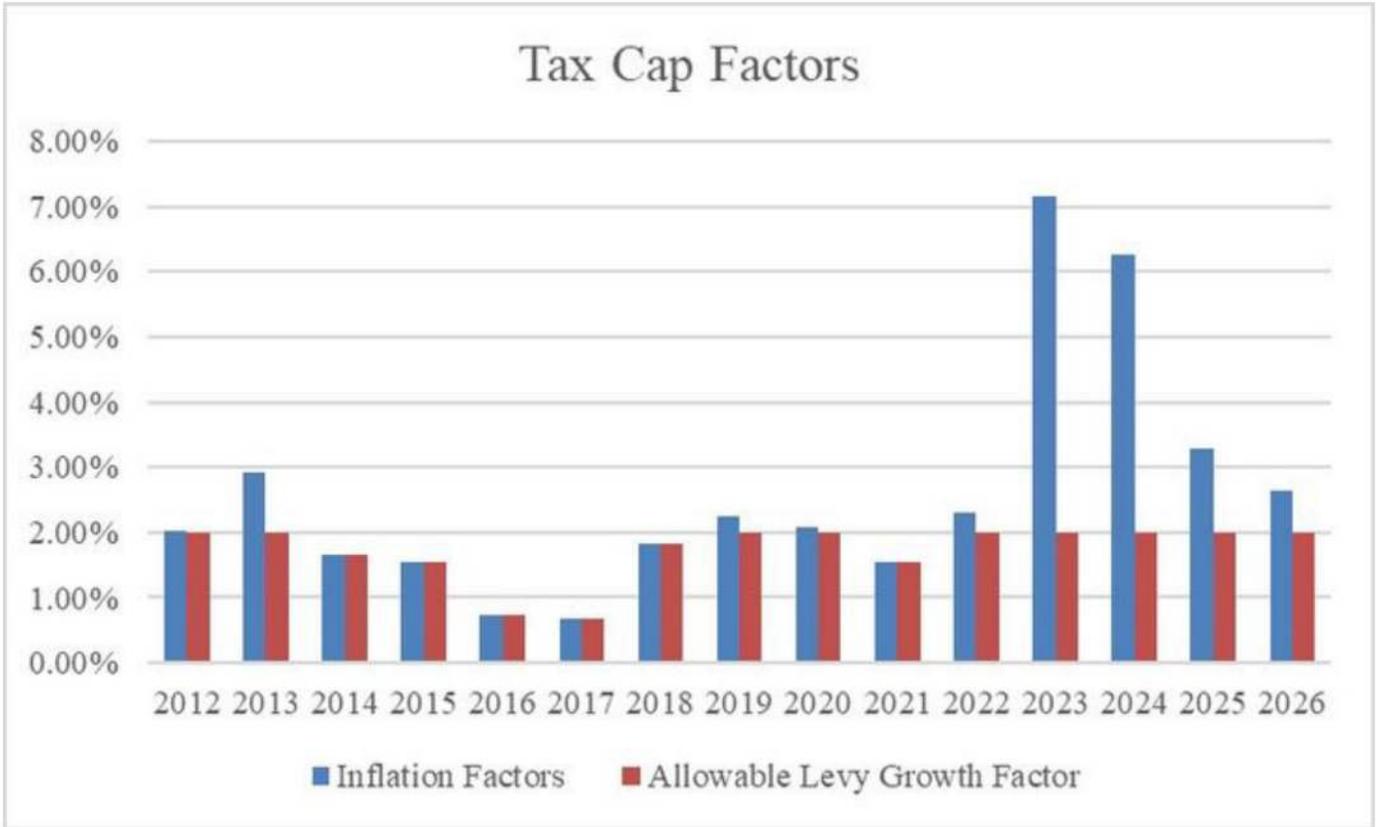

# What Economic Factors Affect the Town's Budget?

Various outside forces can impact how much money the Town brings in and how much it costs to provide services. Key factors include:

- **The economy.** When the economy slows down, people spend less, which means the Town may collect less revenue. The Town is dependent on income from Sales Tax that is directly the result of consumer spending.
- **Inflation.** When prices go up, everything the Town buys, from fuel to pricing from contractors on Town projects, costs more.
- **Interest rates.** Changes in interest rates can affect the cost of borrowing for projects, as well as how much the Town earns on savings.
- **Competition with other communities.** Local governments compete to attract residents and businesses. That affects decisions about taxes and investments to stay competitive.

# New York State Tax Cap

The NYS Tax Cap, enacted in 2012, allows local governments to increase the tax levy to the lower of two percent or the rate of inflation. The following illustrates the results of these factors since the inception of this legislation.

Using the Tax Cap formula, the total the Town may increase the tax levy and remain Tax Cap compliant is **\$555,000, or a 2.02% increase** in the tax levy percentage.

This allowable increase does not cover the Town's mandated costs that are increasing for 2026.

**The Adopted Budget includes an increase in the Tax Levy of 5.48%, which represents a \$69.38 dollar increase in annual Town and Town Special District Taxes.**

## Tax Cap Calculations

The following is the NYS Tax Cap calculation for the 2026 Budget, with the data of the three prior years for comparison.

The result is the tentative budget does not comply with the NYS Tax Cap legislation.

# Service to Residents Starts with Our Staff

The largest Town expense is our Employee Salaries and Benefits. The following is a summary of the Town Employees.

## Salaries

Salaries for the majority of our employees are set by Collective Bargaining Agreements.

To be consistent with past practices, non-union employee salaries are budgeted in the 2026 Proposed Budget at their current 2025 wages. Union employees' wages reflect that of the current contracts for 2026. Anyone receiving a step increase is reflected in the 2026 Proposed Budget. The unions received 3.5% increase in 2025, 2026 and another 3% increase in 2027. The General Foreman unit negotiated 3.75% for 2025, 3.25% for 2026 and 3% for 2027.

Pay increases in Longeare are reflected in the 2026 Proposed Budget.

## Employee Benefits

The two major employee benefits are the employer-required pension contribution and the net health care premiums.

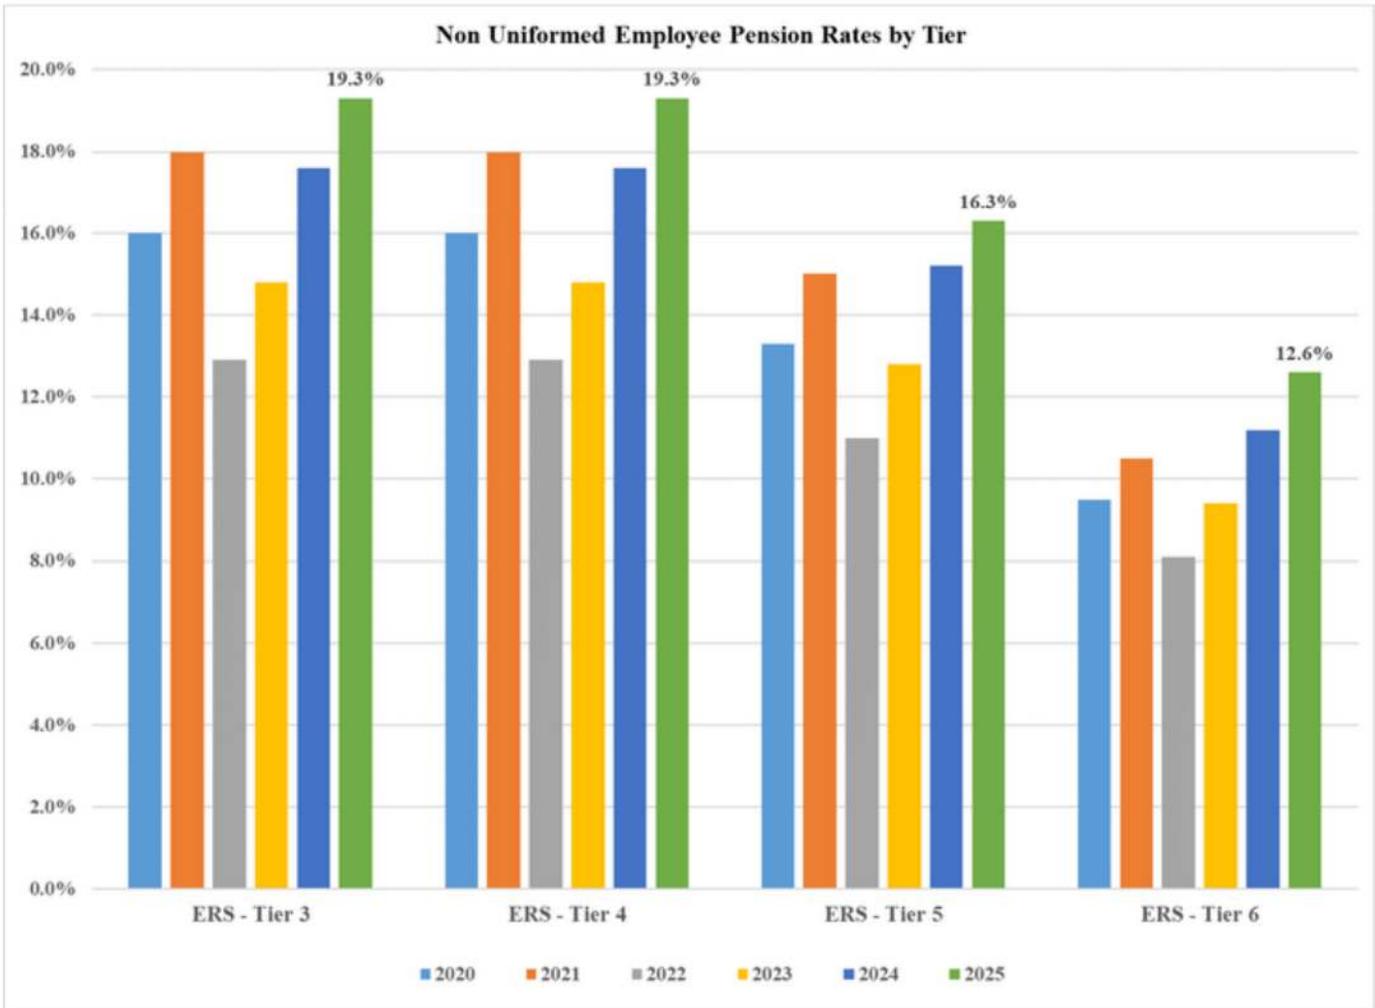

## Pension Contribution

The Town is responsible for annual payments to the NYS Employee Retirement System, or pension, for all active employees, based on their tier.

Annual payments are calculated by the projected salaries of active employees for the upcoming year multiplied the rate assigned by tier.

The 2026 Budget will include \$2.52M in pension payments, **an increase of \$342,000** from the current year budget.

The following is an illustration of pension rates for the tiers for which we have active employees.

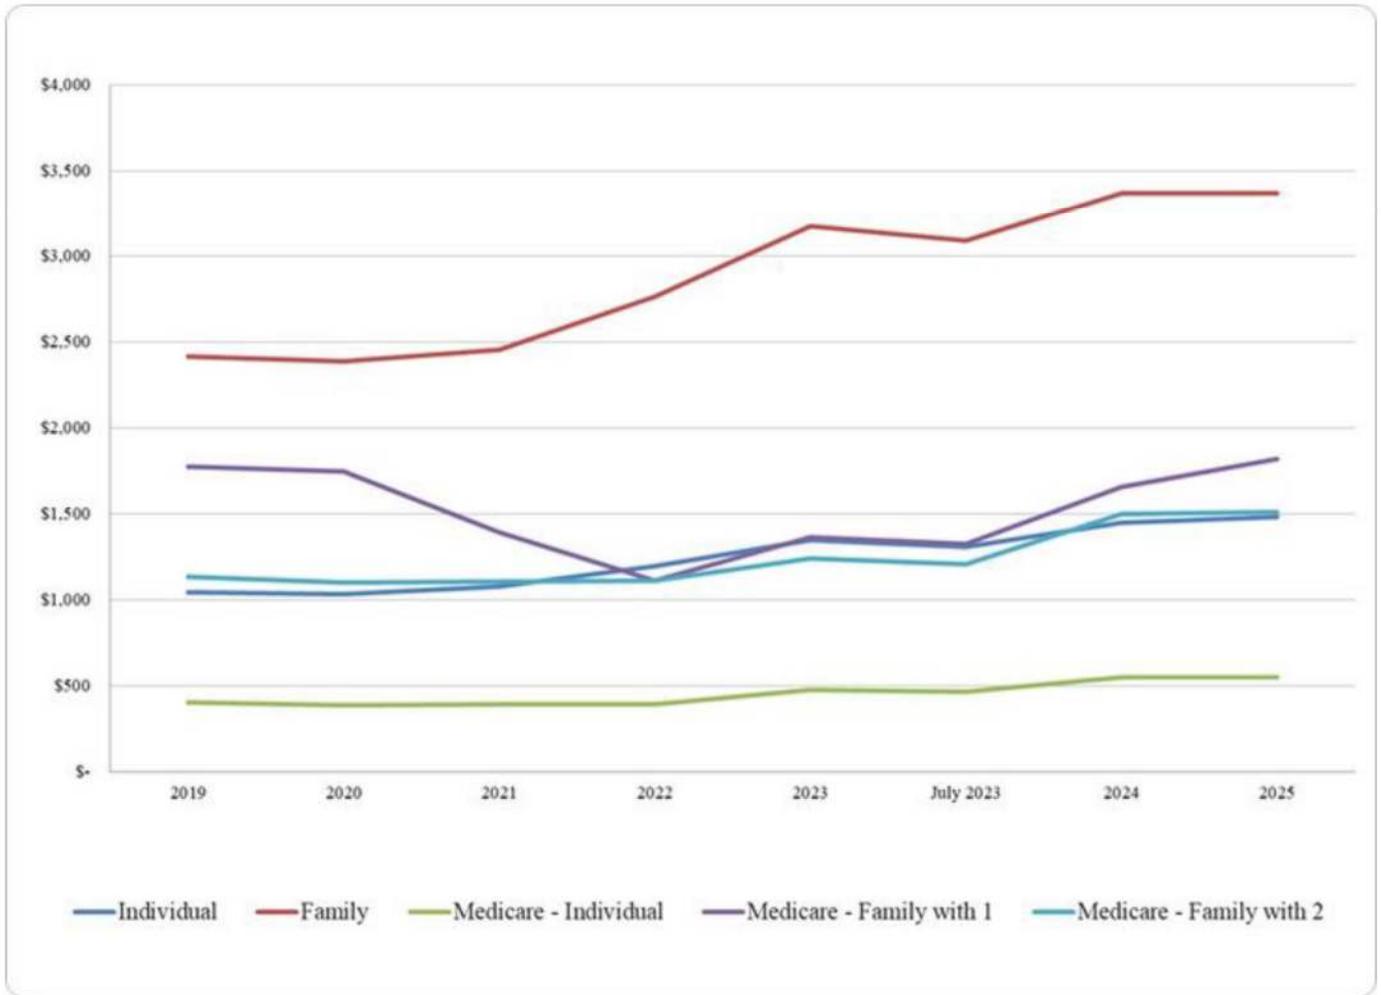

Note, the New York State Comptroller announced employer contribution rates for the New York State and Local Retirement System (NYSLRS) for State Fiscal Year 2026-27. Employers' average contribution rates will increase from 16.5% to 17.6% of payroll for the Employees' Retirement System (ERS).

## Health Premiums

The Town participates in the New York State Health Insurance Program (NYSHIP).

The 2026 rates for NYSHIP are expected to be released in early December. For budgeting, we are estimating an increase of 10% for premiums. However, in 2025, the Town budgeted an increase of 10% and increases were minimal. Therefore, health insurance costs in the 2026 budget, net of employee contributions, result in an increase of only \$53,000. This increase includes the Medicare Part B rates for 2026 which have been increased 11.62%, 45,666.

The health premium rates are based on the coverage type. The following is a history of the rates by coverage type, as we continue to monitor this major expense closely.

# Sales Tax

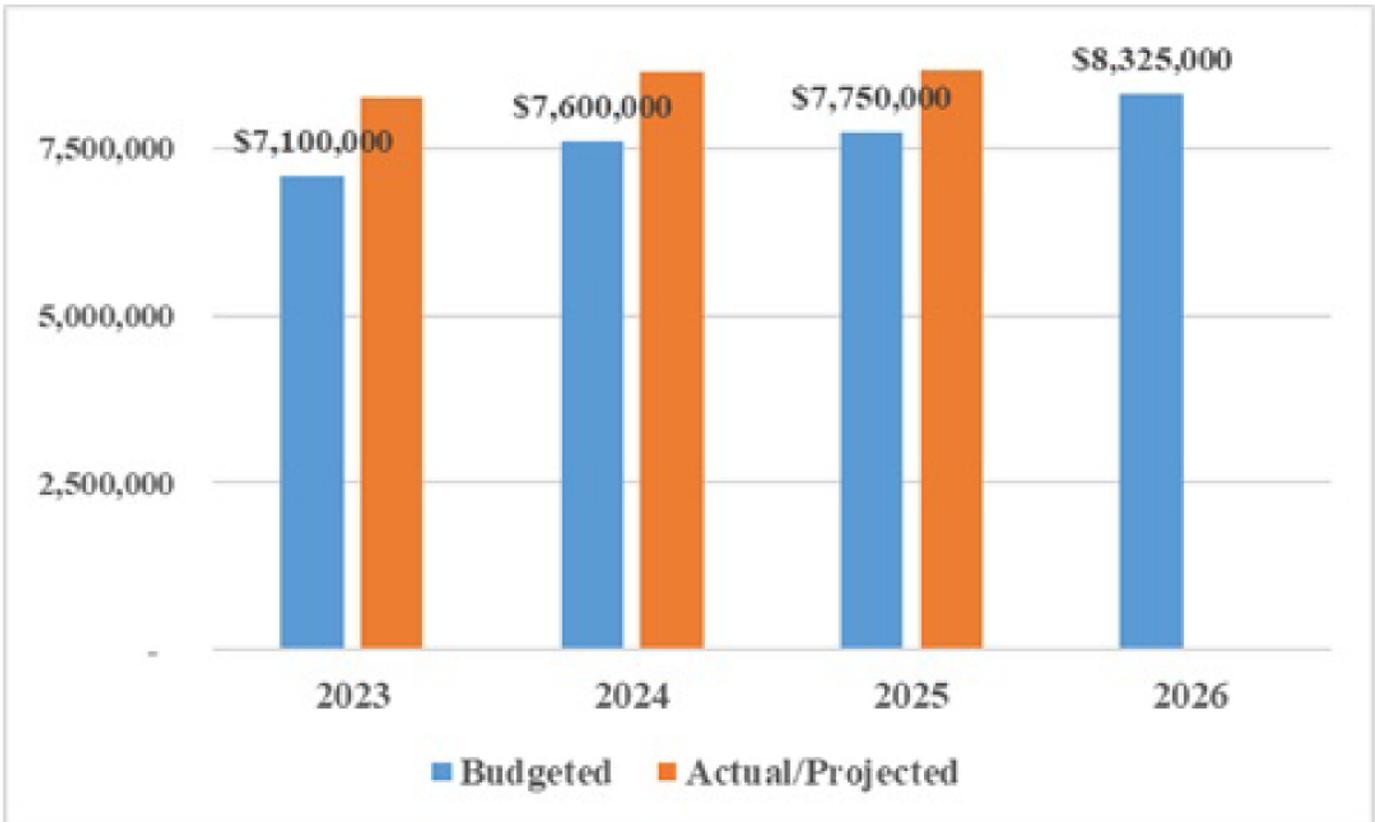

The Town receives a quarterly distribution of Sales Tax from Westchester County. The Town has seen a significant growth in Sales Tax revenue. This increase in revenue is due to the following factors:

- The Sales Tax rate was increased in August 2019.
- As prices increase, the sales tax is added to the higher prices.

We receive Sales Tax data from Westchester County monthly. The data we have, through September 2025, shows slight growth as compared to the prior year.

This budget includes \$8,325,000 for total Sales Tax, which is

- \$614,000 **more** than our 2025 Adopted Budget, yet
- \$309,800 **less** than our current year end Projections.

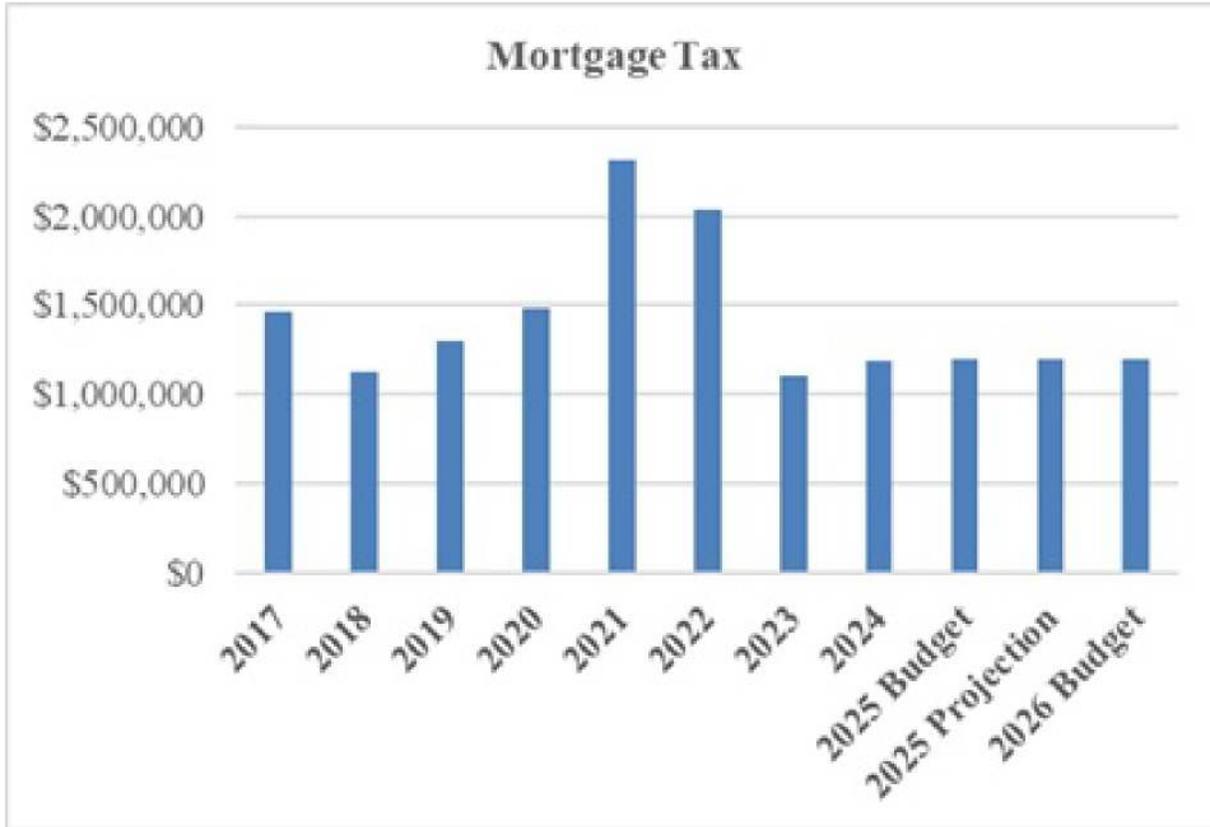

# Mortgage Tax

Mortgage tax is another significant revenue for the Town.

Mortgage Recording Tax is a one-time tax when a mortgage to buy or refinance a home or property in New York State is filed with the County. This tax is based on the amount of money you borrow, not the price of the property.

Westchester County provides a report on a monthly basis of the mortgage tax due the Town. Based on this data, we are projecting our current year Mortgage tax revenue to equal our budget of \$1,200,000.

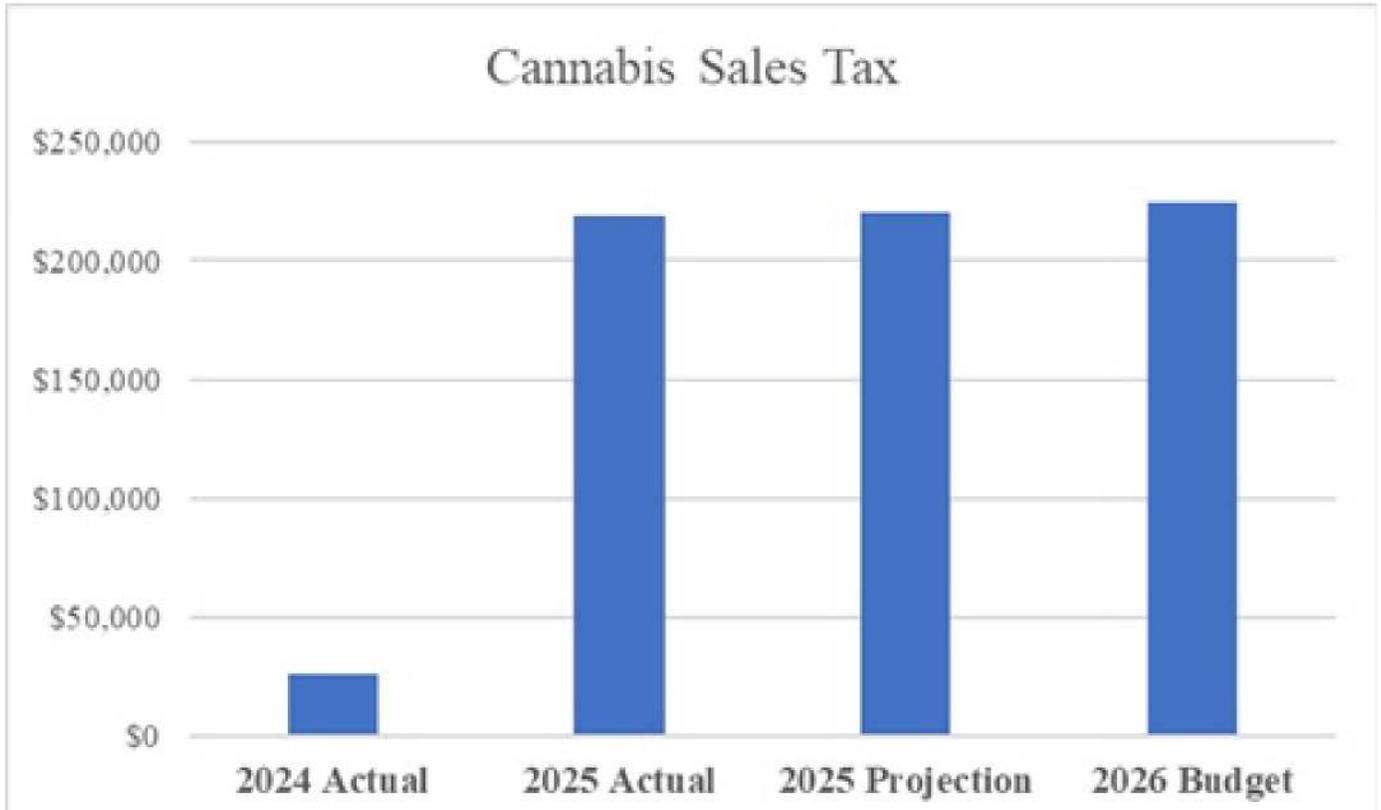

The 2026 Budget calls for Mortgage Tax at \$1,200,000, equal to the current year projections.

## Cannabis Sales Tax

The Cannabis Sales Tax went into effect in August 2024. As we were unsure about future trends, we did not budget Cannabis Sales Tax in our 2025 Budget.

A positive note is that to date, we have received \$218,647 in revenue in 2025, and we included \$225,000 in our 2026 Budget.

# Interest Income

Local governments are allowed to invest public funds, but only in very safe and limited ways. Unlike individuals who might invest in stocks or risky ventures, towns are required by law to protect taxpayer money first.

Typical investments include:

- Savings accounts or certificates of deposit (CDs) in approved banks
- U.S. Treasury bills or other federal government-backed securities
- Highly rated short-term investment pools authorized by the state

These investments are chosen because they are low-risk and reliable, even if they don't earn high returns. The goal is to keep public money safe while earning modest interest.

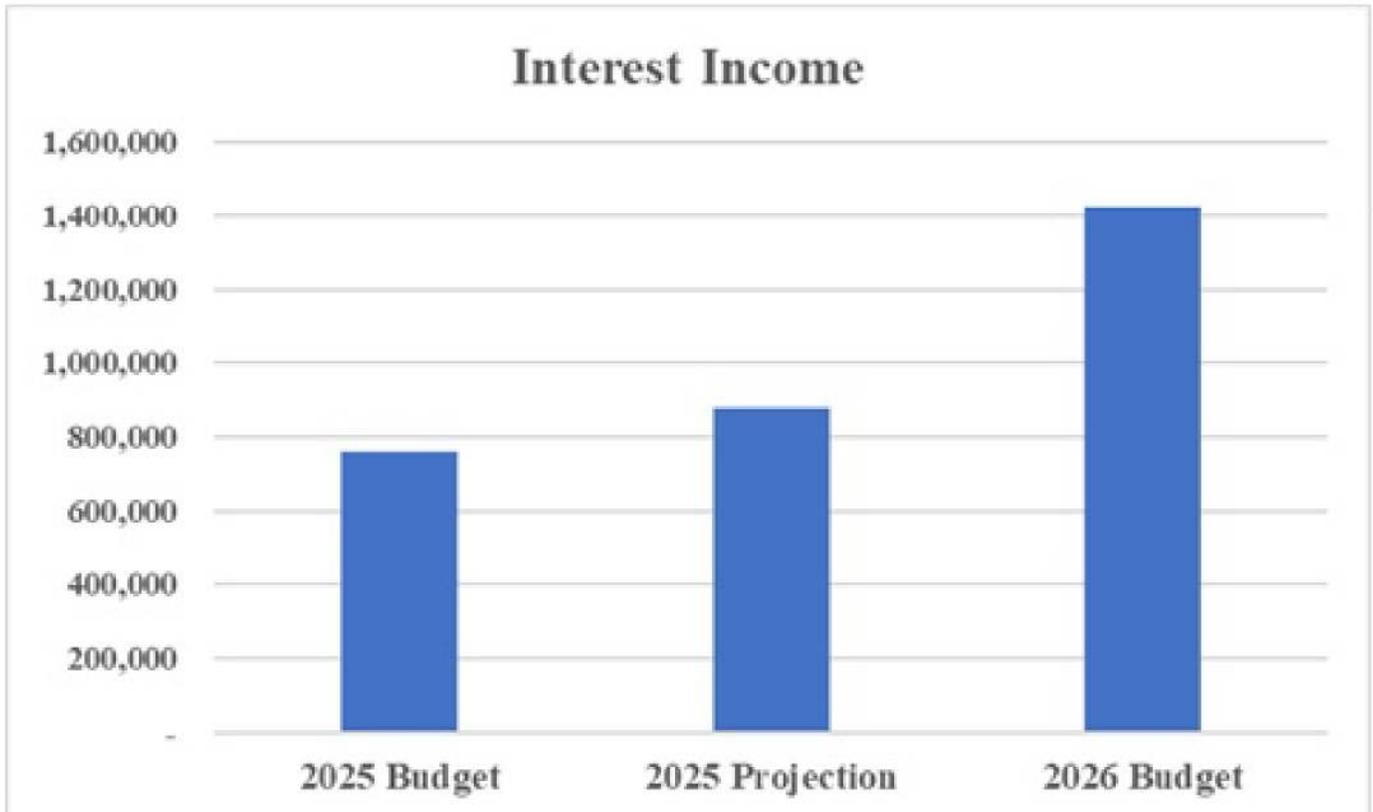

Oversight and Responsibility:

The Town Comptroller and Finance Department must follow strict state rules when investing. They regularly:

- Track where funds are placed
- Ensure all accounts are insured and secure
- Report activity to the Supervisor and Town Board

Interest income included in the 2026 Budget is significantly higher than our current year budget, as illustrated below.

Again, while this is an attainable budget, it will leave us little room for a positive variance.

# Departmental Fees

The 2026 Budget assumes an increase in Departmental Fees. As the cost of delivering services continues to rise, driven by inflation, higher material costs, and increased labor expenses, it becomes necessary to adjust fees accordingly to ensure that services remain financially sustainable.

Departmental Fees are one of the most equitable ways to cover costs because they are paid directly by the individuals who use the service, rather than by all taxpayers. This approach ensures fairness: residents who require permits, recreational programs, facility rentals, or specialized inspections contribute to the actual cost of providing those services, rather than shifting the burden onto those who do not use them.

By aligning fees more closely with current service costs, the Town can:

- Maintain high-quality programs and service delivery
- Reduce pressure on property taxes
- Ensure long-term financial stability for fee-based operations

Modest increases in Departmental Fees help protect core services while keeping the overall tax burden as low and fair as possible.

The following is a chart, illustrating the increase in budgeted line items for Departmental Fees. The actual fee listing will need to be reviewed in detail with each department before being presented to the Town Board. In total, the following represents a \$111,000 increase in budgeted revenue.

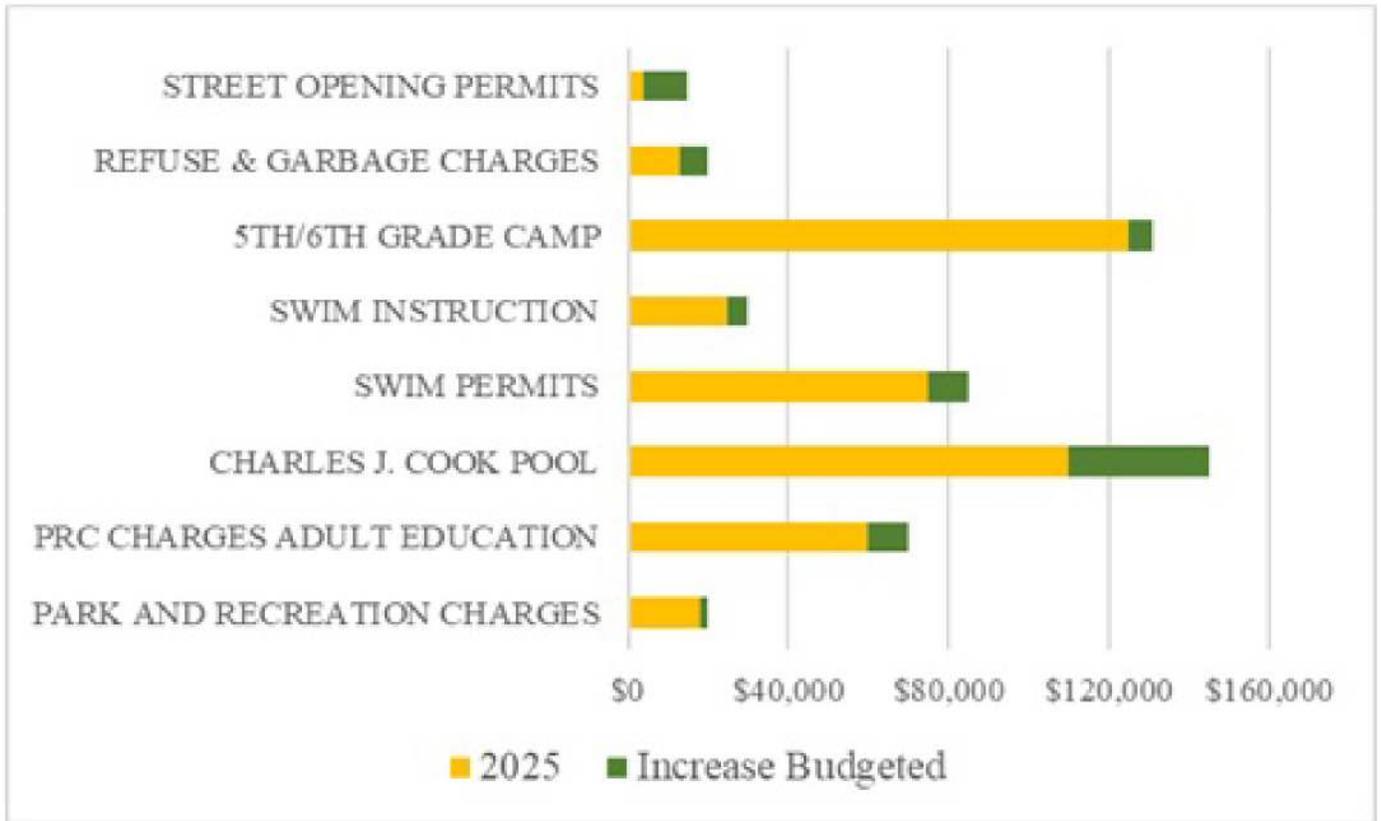

# Water Rates

The Town's 2026 Budget includes a planned increase in water rates. This is needed to make sure the costs the Town pays to purchase water are fairly shared by the residents who use it.

While further discussion will be needed, this plan allows for:

- **Fair cost sharing:** Residents who use more water pay for the extra costs, so everyone pays their fair share.
- **Minimum consumption adjustment:** The base rate will reflect typical water use, helping cover fixed costs.
- **Tiered system for excess use:** Higher rates will apply to water use above the normal level, because the Town pays higher charges when consumption is excessive.

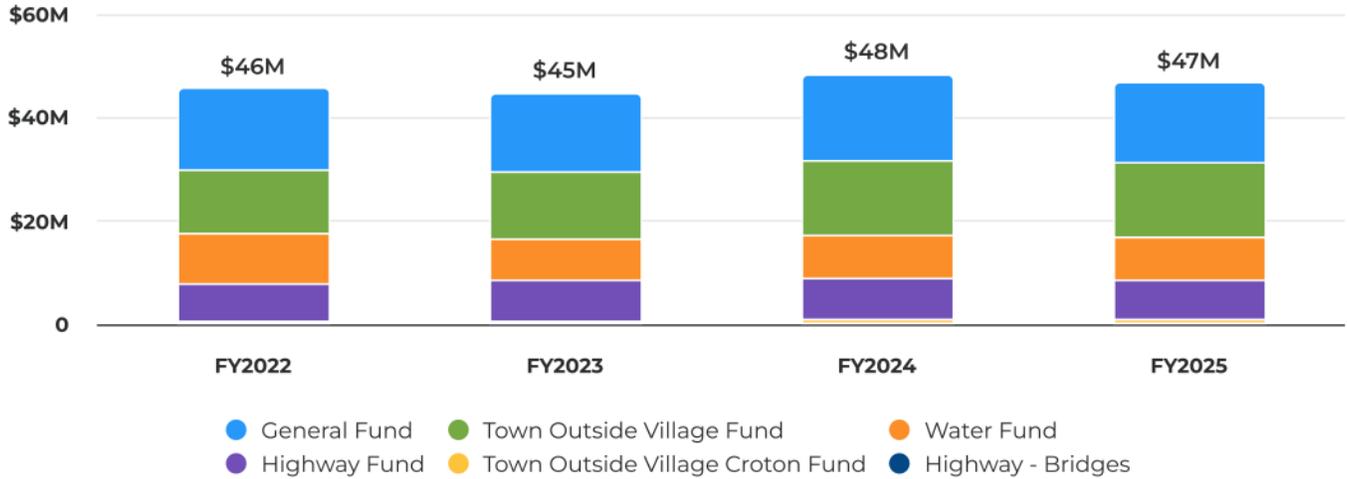

This approach ensures the water system remains financially stable while keeping rates fair for all residents.

# Debt Management

The Town of Cortlandt takes a long-term, strategic approach to the management of its current and future debt obligations. General Obligation Bonds are issued to finance capital improvements or the purchase of capital assets.

The Town's current outstanding debt for all funds is **\$16,375,000**. The following is a summary of debt outstanding and debt service by fund.

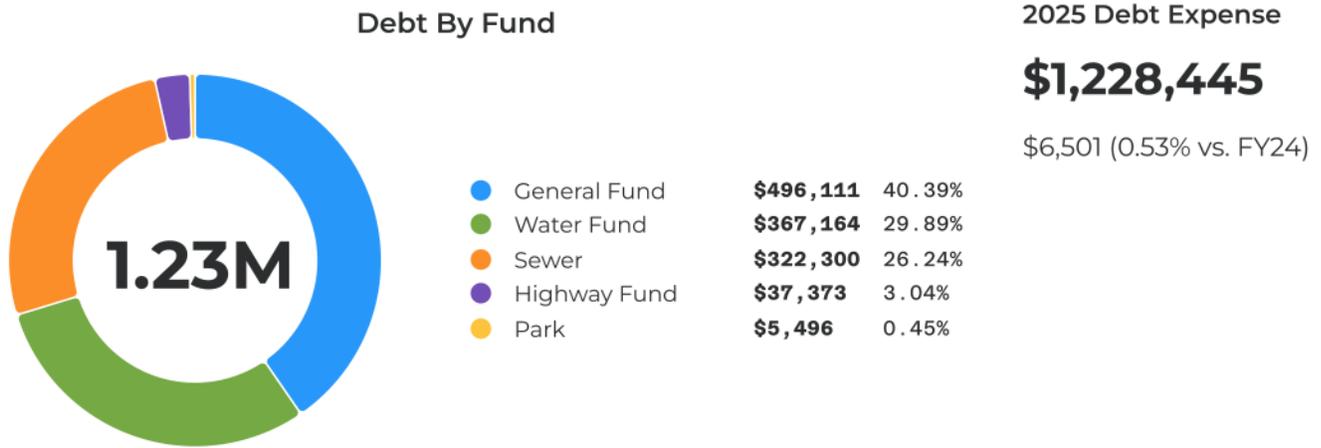

Bonds for municipal improvements are issued in accordance with payback periods established under **New York State Local Finance Law**, which defines the periods of probable usefulness for various types of improvements, ranging from 5 to 40 years depending on the nature of the project.

Whenever feasible, the Town actively seeks **grant funding opportunities** to reduce the financial impact on taxpayers and ratepayers for high-cost capital improvements.

Issuing debt to finance capital projects allows the Town to equitably distribute the cost of assets over their useful lives, ensuring that those who benefit from the improvements contribute to their cost. Strategic refinancing opportunities are also evaluated to achieve lower interest rates and reduce annual debt service costs when market conditions are favorable.

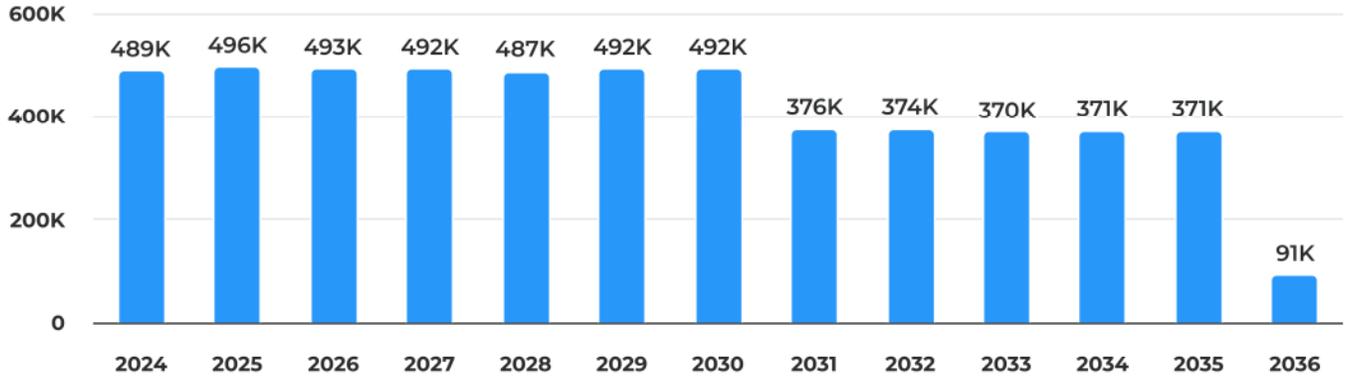

Under **NYS Local Finance Law §104**, municipal debt must remain within 7% of the average full valuation of taxable real estate within the Town. Debt incurred for water and sewer purposes may be excluded from this statutory limit, as it is supported by user revenues rather than property taxes. The Town's total outstanding debt as of 2025 remains well below the constitutional debt limit, reflecting a conservative and responsible approach to fiscal management.

In 2025, **Moody's Investors Service reaffirmed the Town of Cortlandt's strong Aa1 credit rating**, citing its continued commitment to sound financial management, healthy reserve levels, and a manageable debt burden. This renewed rating underscores the Town's prudent fiscal policies, disciplined budgeting practices, and dedication to maintaining long-term financial stability for the benefit of Cortlandt's residents and taxpayers.

**Salary and Position Summary**

To be consistent with past practices, non-union employee salaries are budgeted in the 2026 Proposed Budget at their current 2025 wages. Union employees' wages reflect that of the current contracts for 2026. Anyone receiving a step increase is reflected in the 2026 Proposed Budget. The unions received 3.5% increase in 2025, 2026 and another 3% increase in 2027. Pay increases in Longevity are reflected in the 2026 Proposed Budget.

The 2026 Budget includes no requests for salary increases or additional staff.

The following salary schedules do not include part-time or seasonal employees.
